## Location

The island of Ellaidhoo is situated 42 km from Male in the North Ari Atoll and is accessible by a sea plane journey of 25 minutes or on a speed boat journey of 95 minutes. An emerald on a bed of coral in aquamarine depths. Small is beautiful; especially if it's a verdant coral island in the middle of nowhere, surrounded by clear waters teeming with exquisite marine life, sought after by sun worshippers and often referred to as a tropical dream.

Ellaidhoo Island is a safe distance away from the busy world with a total land area of 55,625 square meters. Just 300 meters long and 280 meters wide, this bit of private paradise is located on the eastern fringes of North Ari Atoll. The Ari Atoll, the largest of 22 natural atolls that make up the Maldivian Islands, is located in the western side of the Maldives.

AIR

Utilizing a modern fleet of powerful and luxurious Cessna 208 amphibian and wheeled aircraft (seating eight passengers each), Cinnamon Air offers passengers swift transfers to scheduled destinations such as Colombo, Kandy, Sigiriya, Trincomalee, Batticaloa, Koggala, Dickwella, Hambantota, and surrounding areas serviced by its daily flights.

All those flying with Cinnamon Air are treated to luxurious leather and walnut trimmed interiors and seating whilst being able to enjoy the spectacular views of the landscape below. Passengers are likely to spend the extremely short travel times glued to their windows! For those who require complete privacy and discretion, Cinnamon Air offers exclusive charter flight services between any locations in the country. And for a bit of fun, special whale watching tours and aerial sight-seeing tours can be organized!
