

Cinnamon Care – The Cinnamon Standard for Care and Cleanliness

4th June 2020; Cinnamon Hotels & Resorts has implemented a series of safety protocols taking a holistic approach to sanitation across all hotel spaces. Enhanced measures include high frequency cleaning and disinfection of guest areas, use of approved disinfectants against the COVID-19 virus and other bacteria, compliance for supply chain deliveries, and cleaning protocols for culinary and housekeeping areas. We've also made modifications to limit contact and maintain the required distance stipulated for physical distancing through seating arrangements in public areas and restaurants. Airport transfers, check-in and check-out procedures, use of hotel facilities such as the pool, the gym and sports activities and banqueting have been enhanced to meet the Standard.

Following a lockdown of several months, Cinnamon Hotels & Resorts looks forward to welcoming its guests with its contemporary Sri Lankan hospitality.
