Will everyone departing from Maldives have to do a COVID-19 test?	NO . However, There may be specific departure requirements from your country of origin or Airline you travel.			
Will the resort facilitate the process for PCR Testing while on holiday at the resort?	Tourist should inform the resort establishment regarding the requirement for COVID-19 testing for return travel/ onward travel. The information should be shared with the establishment in advance so that there is adequate time to do the testing. At least 48 hours should be provided to the lab to perform the testing and to provide results. The tourist establishment should arrange COVID-19 testing for the tourist in accordance with the testing requirements and within the time frame as required by the regulations of the tourists' home country/destination country.
