

## Environmental Policy - ISO 14001: 2015

“Cinnamon Grand Colombo” stand committed to continuously provide services surpassing the needs and expectations of her customers. During our operations, we strive to protect, preserve and nurture the environment on which our hotel’s activities have a significant impact.

We aim continually to reduce the usage of Water, Energy, Production and Packaging Materials used in our operations to recycle and add value to waste. We also aim to continuously reduce operational activities including prevention of pollution of water, air, noise, heat, light, land and wild life which has a significant impact to the environment and other specific commitments relevant to the context of the organization.

In order to achieve this objective “Cinnamon Grand Colombo” is committed to educate, train and motivate employees and all our business associates including external service providers and suppliers to enhance awareness of the importance in integrating environmental protection into their daily routine. We ensure compliance obligation as environmental regulation and legislature affecting our hotel is considered and met when environmental plans and procedures are developed.

We have developed and implemented an Environmental Management System to meet ISO 14001:2015 International Standard requirements to ensure our continuous commitment to preserve and protect the environment for the benefit of future generations.

As General Manager, I'm committed to our Environmental Policy, which is owned and endorsed by the Cinnamon Hotels and Resorts. That said, every Cinnamon employee at every level and in every function in the hotel is responsible for the successful implementation of this policy and the related programmes.
