

Purchasing Policy

The objective of the purchasing policy is to ensure that all product purchased by the Cinnamon Bey adheres to the highest level of quality at a competitive price whilst promoting environment and social best practices throughout our supply chain. Cinnamon Bey requires that the method in which suppliers are selected is a transparent and ethical procedure with greater emphasis on the selection of suppliers that follow practices of sustainable development. All staff involved in purchasing and sourcing are required to follow this policy and the internal standard operating procedure as set out by the Cinnamon Hotels and Resorts.

As a leading organization in the country, we have also identified that there is a significant part for us to play in terms of developing the local economy. Hence, we encourage our hotels to purchase goods and services locally in addition to supporting local suppliers. As a hotel which emphasizes on best practice, we understand the importance of promoting responsible business practices even among our suppliers.

We have a solid environmental management platform which clearly highlights the responsible and sustainable procurement objectives practiced across all our hotels. With the influence of our green practises, we have developed a sustainable purchasing policy which introduces green standards to our hotels which will influence their purchasing decisions.

The following purchasing policy at Cinnamon Bey encompasses the requirements, principles and the practises our suppliers need to adopt in order to promote areas such as :-

- Ethical conduct in work place
- Safe working conditions in the supply chain
- Treatment of persons with respect and dignity
- Environmentally responsible practices

The above mentioned key areas are the minimum standards that are expected from Cinnamon Bey vendors in the operating process.

Each vendor should comply with the laws of the applicable countries within which they operate as well as with the international laws related to the conduct of business.
